

Winter Wonderland

After you have completed coloring the picture in, pretend that you are one of the characters in the picture and answer the following questions

What is your name?

Who is the other person in the picture and how do you know them?

What are you doing in the picture?

Where are you?

Why are you there?

When you are finished find a scene partner and improv the scene! Imagine what it might feel like to play in the snow on a winter day. Work together with your scene partner to make an imaginary snowman. Have fun!
